CrossWalk continues to partner with the Outreach Center of West Houston to provide our community with meals and supplies. We supplied over 500 families with frozen meats, non-perishables, and home products on July 16th. We continue our outreach in the community by providing snacks and drinks to several of the Family Point summer camps. We are currently asking for donations to provide over 100 Family Point campers with sack lunches for their upcoming trip to Camp Ozark as well as school supplies so all students can start school with the necessary supplies for success. Check out photos from all our latest events on our webpage.

Please consider making a generous donation to CrossWalk Houston so that the work of MDUMC and the love of Christ continues to be very present in the hearts of those in our community that need it the most.
