

January 2019

CrossWalk Houston had a fabulous 2018 and is excited about new offerings and more vision for our community in 2019. We finished a year filled with all time high attendance in our classes, more volunteers participating in our ministry, and more community outreach than ever. A few notable mentionables: Two of our former students passed their citizenship test and were sworn in as citizens of our great country in August. We added two ESL classes on SBISD campuses. We hosted a Thornwood staff Christmas party at the Refuge and gave every employee a \$25 gift card.

All that we do is because members, like you, give of your time and your resources to make our community a loving place where everyone can live and thrive.

We are bringing Adult Basic Education to CrossWalk Houston. This will give adults in our neighborhood who need basic reading and writing skills to better compete for jobs and advancement in addition to boosting their confidence as parents and individuals. I've audited a few of these classes at Literacy Advance and am so excited about expanding our ministry to include these adults.

If anything about CrossWalk Houston excites you or if you would like more information, please email me. Our volunteers will gladly testify to the joyful satisfaction they receive.

With sincere thanks -
